Tom:

These summa results are in but I don't know which Summa was placed where because I see no chain of custody. Can you tell me?

Good Morning Gary,

Per your request, here is a sample tracking spreadsheet. I will use this to track the dates samples are collected and when results are due. If you need any additional information added to this file, please let me know. I plan to re-send this when new samples are added and when data is received. Unless you request otherwise, I will only send this out when revisions to the file are made.

Thanks,

Kristie
